## FEEDING WILDLIFE

Presently in the State Senate is State House Bill HR1885. This bill makes it unlawful for a person to place, deposit, distribute, or scatter grain, hay, or other food so as to intentionally lure, attract, or "potentially habituated wildlife," which includes bears, cougars, wolves, coyotes, deer, elk, and raccoons.

HR1885 establishes a tiered system starting with a warning and progressing to the issuance of an infraction and also creates a list of exempt persons and activities. It protects wildlife from losing their fear of humans and protects the public from serious health and safety risks associated with coming into contact with wildlife. The bill gives wildlife enforcement officers tools to investigate, educate and fine neighbors who intentionally feed the above defined potentially dangerous wildlife but it does not penalize people for feeding their pets outdoors.

## AN OPPORTUNITY TO SERVE

*Reprinted from Fire District 9 House Calls Newsletter, Summer 2010*

For volunteer Captain Don Shearer, it's all about community. His father was a District 9 volunteer fire fighter and at the age of 16, Don joined his dad, Carl Shearer, serving at Station 96 in the Foothills area. According to Shearer, "What attracted me to the job was the thrill of being able to serve friends and neighbors. We're still a pretty tight-knit community out here. It's the sort of place where just about everybody knows everybody else. And after over 30 years, I still just love the opportunity to serve."

## RAVENWOOD CASHMERE AND SOAPS

Life has a way of taking you in directions you would not dare to have dreamed. If you told me 17 years ago that Reed and I would be living on a mountain with 70 goats, 2 Maremma guardian dogs, chickens, a blind border collie, and involved in producing cashmere fiber and homemade soaps, I would have dropped over laughing. Yet, here we are, loving every minute of it. We moved to the Foothills community in 1993 and spent 13 years constantly remodeling the house. We had the DNR come out and assess the property which had been heavily logged several times over a period of 50 years, leaving only

firs which are prone to disease. In 1998 we were accepted into the Forest Stewardship Program and subsequently planted over 5,000 seedlings with the help of that program. Over the years, it became obvious that the survival rate was a lot less than desired because of competition with brush. The heavy concentration of brush also presented a fire hazard, so we decided to get goats to help rid ourselves of that and noxious weeds. Like all decisions, one thing led to another. If we were going to get goats, then let's get something that will work for us and give us something back. With all the large predators and stray dogs, we will need livestock protection. We will need shelter and a shop. The rest is history. And so, Ravenwood Cashmere and Soaps was born in 2008. We decided on cashmere goats because of the rarity of the fiber and Maremma dogs which have a 2000 year old history of working with humans. The dogs allow us to still enjoy wildlife and live in harmony with predators, as they size up the opposition and just move through. Making goat milk soaps for family and friends took on a life of its' own and morphed into a job I thoroughly enjoy. Yes, living in the Foothills has changed our lives - for the better. Friends think we are crazy to take on so much at our age. But, you know what? We are living in an area of great people and on a mountain full of magic for us and our grandchildren. We are doing what we want to do, in a place we love. How could it be any better? Visit us at [ravenwoodcashmereandsoaps.com](http://ravenwoodcashmereandsoaps.com) to keep up with the farm.

The FRA Alert System is for all Foothills residents. It is a simple, effective way to quickly be notified of events/situations such as burglaries, fugitives-on-the-loose, wildfires, drug houses and road closures. Things that neighbors appreciate becoming aware of in a timely manner. To learn more about this free service and to sign up for this Alert System visit <http://ruralspokane.com/> and click on the FRA ALERTS page. Contact webmaster David Fisher at [davidf@ruralspokane.com](mailto:davidf@ruralspokane.com) with any "ALERTS" questions.

**Why call Crime Check?** When law enforcement looks back on the crimes that have been reported, it is only natural that they would focus patrols in areas where the incidents are being reported. So if individuals don't take the time to report the stolen flower pot or other crimes large or small – where do you think patrols will be focused? Our additional information could be what is needed to fill in the cracks of something much larger. To file a report on a crime that is not in progress, or does not need an immediate response, call Crime Check at 456-2233. Some reports may also be filed online at [www.spokanecrimereportingcenter.org](http://www.spokanecrimereportingcenter.org). The type of reports that can be filed include stolen bicycles, custodial interference, garage burglaries, harassment, lost property, thefts, trespassing, malicious mischief (mail box bashing?) and vehicle prowling. Of course, any situation that requires an immediate response from law enforcement, fire or medical aid, call 911.
